2320 Zinga Dr.
Reedsburg, WI 53939

ATTN: Joleen Kokenzie

Dear Ms. Kokenzie:

The Village of Addison has reviewed your request to allow companies within the village to discharge spent wash solution from your Renegade Parts Washer. Based on an analysis of the cleaning solution there does not appear to be any components prohibited from discharge to the public sanitary sewer system, and companies are allowed to discharge the spent solution.

Please be advised, however, that the actual levels of pollutants, specifically metals, and oil and grease, are greatly dependent on the amount and types of material to be cleaned. Discharges should be examined on a case by case basis and compared to the pollutant limits outlined in Village Ordinance 0-94-72. No discharges are allowed that exceed the specific concentration limits.

If you should have any questions feel free to contact me at the number listed below.

Sincerely,

VILLAGE OF ADDISON

Rick R. Federighi
Environmental Compliance Coordinator
