

Welder - Hanen Automatic Cattle & Livestock Feeders

Service Line, Inc. | Reedsburg, WI

Primarily supporting Hanen Automatic Cattle & Livestock Feeders

Full-Time / In-Person

Schedule: Monday-Friday, 8:00 AM-4:30 PM

About the Role

Service Line, Inc. is looking for an experienced welder/fabricator to join our production team, primarily supporting the manufacture of Hanen Automatic Cattle & Livestock Feeders.

This is an experienced-level welding position. We are looking for candidates who already have a strong welding and fabrication foundation rather than applicants seeking an entry-level training opportunity.

Welding experience is preferred, but we are also willing to train entry-level welders who have the right attitude and a willingness to learn.

What You'll Do

- Perform welding work as part of our manufacturing process.
- Work with other members of the production team to complete jobs efficiently.
- Follow work instructions and established production procedures.
- Maintain a safe and organized work area.
- Follow company safety practices and use equipment responsibly.
- Communicate with team members when questions or problems come up.
- Take pride in producing quality work.
- Help where needed to keep production moving.

What We're Looking For

- Welding experience or entry-level welding training.

- A strong work ethic and dependable attendance.
- Good attitude and willingness to learn.
- Ability to work well as part of a team.
- Attention to detail and pride in quality workmanship.
- Willingness to follow safety procedures and maintain a safe work environment.
- Ability to take direction and communicate with supervisors and coworkers.
- Someone who is dependable and willing to take ownership of their work.

Helpful, But Not Required

- welding school and/or welding/fabrication experience
- Previous welding/fabrication experience in a manufacturing environment.
- Experience fabricating agricultural equipment, machinery, or other finished equipment.

We are willing to train entry-level welders who show a good work ethic, willingness to learn, and the ability to work well with the team.

What We Offer

- Competitive pay.
- 100% employer-paid health insurance for qualified employees.
- Paid time off and paid holidays.
- Retirement plan options.
- Training and opportunities to build new skills.
- Full-time, Monday–Friday schedule.
- A stable, locally owned manufacturing company.

Why This Role Matters

Hanen customers depend on their feeding equipment to perform reliably as part of their daily livestock operation. Quality welding and fabrication are an important part of building equipment they can depend on.

This position helps make sure Hanen equipment is built accurately, consistently, and with the workmanship expected from Service Line, Inc.

This is a good fit for an experienced welder who takes pride in skilled work, enjoys building finished equipment, and wants to be part of a small team where their work is easy to see.

About Service Line, Inc.

Service Line, Inc. is a locally owned manufacturer based in Reedsburg, Wisconsin. Founded in 1996, we design, manufacture, sell, and support products through two primary brands:

Renegade Parts Washers provides industrial parts washing equipment, detergents, and cleaning solutions for manufacturers, repair facilities, maintenance departments, and industrial operations.

Hanen Automatic Cattle & Livestock Feeders provides automated feeding equipment designed to help livestock producers save time, improve feeding consistency, and simplify daily operations.

Our employees are part of the Service Line, Inc. team and, depending on their position, may support one or both brands.
